

Short Pallet Jack 2.5T Capacity - L900xW540mm

The MPT259540 short pallet jack is ideal for transporting and positioning ATMs, safes, small pallets and small heavy goods, especially in tight or awkward spaces. Its compact 900mm fork length allows for a small turning radius, making it perfect for use in trucks where space is limited.

Features

- The hydraulic unit and bearings are maintenance-free, eliminating the need for routine servicing.
- Lead-in and lead-out rollers at the fork tips allow for easy pallet entry and exit.
- A built-in pressure relief (overload) valve prevents overloading, enhancing operator safety and meeting OH&S requirements.
- Designed to lift heavy loads even in awkward or tight spaces, the unit performs reliably under pressure.
- The short fork length allows for smooth maneuverability and efficient load handling.
- Its compact size makes it easy to transport in trucks without taking up excessive space.
- Storage is hassle-free thanks to the unit's space-saving design.
- The hydraulic system is low-maintenance, reducing operating costs over time.
- Nylon wheels are primarily designed for use on concrete and other hard surface.

Specifications

Model		MPT259540
Capacity	(kg)	2500
Min Fork Height	(mm)	85
Max Fork Height	(mm)	200
Fork Width	(mm)	160
Fork Overall Width	(mm)	540
Fork Length	(mm)	900
Overall Size	(mm)	L1250xW540xH1230
Load Roller	(mm)	Ø74x93
Steering Wheel	(mm)	Ø180x50
