Sontara MediClean®

Low Lint Performance

Made from Sontara. The MediClean towels blend the strength of polyester with the absorbency of cellulose. They provide a soft, highly absorbent towel with low lint and high "wet strength" properties.

- Low lint performance.
- Soft and highly absorbent soaking up to 7 times its own weight in fluids.
- Superior dry and wet strengths. Steam stable.
- Individual towels will not separate into layers.
- Large enough to use double thickness.

CODE:

57-112 31.8 x 33 cm

(100 towels/box) (12 boxes/carton)

57-113 35 x 60 cm

(100 towels/box) (12 boxes/carton)

**Apply PlasClean to soften, lift & suspend bio-soils
Wipe with MediClean to clean & dry**
