

Hydraulic Scissor Lift Table - 150kg Capacity 750mm Lift

Ergonomically designed to reduce strain and fatigue, this manual hydraulic lift table is ideal for lifting, positioning, and transporting items in warehouses, workshops, and production environments. Operated via a user-friendly foot pump, the table height can be easily adjusted without bending or heavy lifting. The hand-operated release lever allows for smooth, controlled lowering of the platform.

Features

- **Rear Braking System** – Ensures stability and safety during use.
- **Overload Bypass Valve** – Protects the hydraulic system from overloading.
- **Lockable Swivel Urethane Castors** – With built-in toe guards for added safety and easy manoeuvrability.
- **Easy-Lowering Release Lever** – Effortlessly lower the table to your desired height.
- **Foot Pump Operation** – Simple and effective foot pedal to raise the table with ease.
- **Fold-Flat Handle** – Convenient for compact storage and transport.
- **High-Visibility Finish** – Powder-coated in safety yellow for durability and visibility in busy workspaces.
- **Polyurethane Wheels** – Ideal for delicate flooring such as tiles, floorboards, or marble.

⚠ Note: Suitable for lifting goods/products only. Not designed for lifting people.
