

Electric Towing Tug - 500kg with Hitch

The KMT-UT50 Electric Powered Tug is a compact and efficient solution for safely moving loads up to **500kg** in environments such as **airports, hospitals, warehouses, and retail stores**. It's ideal for towing carts, bins, hoppers, trailers, and more - reducing manual handling risks while improving efficiency.

Features

- **Durable 24V DC Drive Motor:** 400W high-torque motor handles heavy-duty jobs with ease.
- **Ergonomic Handle Controls:** Easy-to-use throttle with forward/reverse, speed control, and horn for safety.
- **Automatic Safety Brake:**
 - Electromagnetic disc brake with **dead-man feature** (activates when handle is released).
- **Battery & Charging:**
 - Includes **two (2) 12V/40Ah batteries**.
 - **Built-in 24V/8A charger**.
 - **Battery level gauge** for real-time charge monitoring.
- **Flexible Hitch System:**
 - Comes with a **standard pin hitch**.
 - **Optional attachments** available for different tow setups.
- **Compact Design:**
 - Ideal for tight spaces with a **turning radius of just 750mm**.
 - **Foam rubber wheels** for added grip and smooth handling.
