Elkay® Easy Touch Hands-free Sensor-activated
Wall mount drinking fountain (Refrigerated)

Product Code: LZ08S2J0

The Elkay Easy Touch Hands-free Sensor-activated is one of our most popular wall-mounted chilled drinking fountains ideal for indoor public environments.

The fountain features hands-free, sensor-activated controls for effortless access whilst reducing the chances of cross contamination at touchpoints. The unit comes standard with a Flexi-guard anti-microbial nozzle for safety. With its robust, wheelchair-accessible design, and a deep basin to minimise splashing, the Elkay Easy Touch Hands-free Sensor-activated is a popular choice for schools and educational campuses, childcare centres, sporting and commercial facilities and other public spaces.

Product features

- Flexi-Guard anti-microbial safety fountain that users always have the best filtered water available to them. Features a three light system of Green, Red and Yellow indicators
