

XP200S

HEALTH AND SAFETY

Minimize your risk

Suitable for

Hotels
Hospitals
Restaurants
Food Handlers
Offshore/ Shipping

Minimize your waste of time, space and money

- Stainless steel
- 10:1 compaction
- Improves security and safety
- Low on noise, low on energy
- Air-powered, clean and hygienic
- Suitable for kitchens & offshore environments

Ideal for small spaces and indoor environments, the X-Press 200S compactor is tough, durable and can handle all forms of general black bag waste including food, fluids and hazardous waste, compacting by a ratio of up to 10:1.

The Mil-tek X-Press 200S stainless steel waste compactor is extremely flexible and suitable for a wide variety of locations including kitchens, food preparation sites, hospitals and offshore environments.

By compacting general, food and kitchen waste in an XP200S, you optimize your waste area, creating more space, less mess, better hygiene and fewer overflowing bins.
