

P500 Pass Through Dishwasher

Technical Specifications

CLASSEQ
Warewashing Made Simple.

P500

High volume, simple to use, water mark certification dishwashers, suitable for straight-through or corner sited operations.

Classeq's range of digital Pass-through dishwashers (also known as hood types) are perfectly suited to any busy kitchen and are capable of cleaning up to 720 plates per hour. With a 39 litre wash tank, running costs are kept to a minimum and features such as continuous hood clean and removable wash arms ensure that they are easy to clean.

All machines have simple to use digital controls, an LCD display to show wash and rinse tank temperatures and select cycle programs, plus are fully Water Board compliant. Drain pumps are fitted as standard, chemical pumps and water softeners are available as an optional extra.
