USB-AB Transmitter (RTU)-Cordless

One Transmitter - Two USB Connections: USB-A and USB-B

PRODUCT CODE: MED-RTU-USB-AB

(Compatible with all brands of sensor mats featuring a USB Type A or USB Type B connection, including Indigo Care Floor, Bed, Chair & Under Mattress Sensor Mats)

The **Indigo Care USB-AB Transmitter (RTU)** delivers reliable, plug-and-play compatibility with sensor mats featuring USB Type A or USB Type B connections. Compatible with any brand of sensor mat using a USB A or B lead, it allows you to retain your existing mats while seamlessly upgrading to Indigo Care's advanced wireless system — with no loss of investment.

Powered by exclusive ID-encoded RF technology, the USB-AB Transmitter ensures secure, interference-resistant communication and integrates effortlessly with our USB Sensor Mats. It communicates directly to the **Cordless Receiver Box (RRU)** or **Dual Function Universal Call Point (UCPV5.1)**, delivering a streamlined, dependable wireless monitoring solution you can trust.

RTU-USB-AB ADVANTAGES:

- **Dual USB Connectivity** – Featuring both USB-A and USB-B ports for maximum flexibility.
- **Universal Compatibility** – Works with all sensor mat brands with a USB-A or USB-B connection, protecting your existing investment.
- **Optimised for Indigo Care** – Fully compatible with Indigo Care USB Sensor Mats for seamless system integration.
- **Selectable Call Delay** – Optional 1-second (default) or 3-second delay for chair and bed mats to help reduce false alarms.
- **Secure Electrical Connection** – Reliable, stable connectivity via USB-A or USB-B plug.
- **Durable, Compact Design** – Stronger housing reduces trip hazards and minimises damage from everyday knocks and external forces.
- **Enhanced Wireless Performance** – Improved sensitivity and dependable signal transmission with a built-in antenna.

KEY SPECIFICATIONS:

- **Box Dimensions:** 43 x 41 x 20mm
- **Connection:** USB-A and USB-B
