

Ortho Chair | VSM-20M

Why Buy?

Performance meets comfort

Offering all the advantages of the VSM-20 Stretcher Chair, the Ortho Chair also includes an x-ray leg section and removable foot support, head and foot surgirails, oxy and IV pole storage, and clear access for unobstructed clamp positioning.

- **Radiolucent leg section** enables uninterrupted imaging
- **Removable foot support** allows flexibility and comfort
- **Integrated clamp access** and storage for surgical efficiency

Application

Ideal for Orthopedic surgery and procedures

Key Benefits

- **Save Space:** Fit more chairs in the same space by increasing throughput with faster recoveries from patients sitting up right.
- **Engineered:** Strong subframe design with class leading 400kg / 880lbs weight capacity.
- **Hygiene conscious:** Smooth, gap free platform aids cleaning and helps prevent fluid ingress to meet the highest infection control standards.
- **Supercharged:** Keep things moving with long-life, cordless, fast-charge battery system that works all day.
- **Custom quality:** Includes x-ray leg section, removable foot support, surgirails, oxy and IV pole storage.

Ortho Chair | VSM-20M

Ortho Chair VSM-20M

Designed for orthopaedic procedures and recovery.

Built on the stretcher chair platform, the Ortho Chair includes a radiolucent leg section, removable supports, and clear access for clamp positioning — ideal for orthopaedic surgery and related procedures.

X-ray leg section

Fully radiolucent leg rest and removable foot support section

Foot end Surgirails

Head end Surgirails

Simple transfer

Conveniently stored handles unfold for staff friendly transportation.

Unfold the push handles and move forward effortlessly on the large castors. Our unique patented handle design correctly positions the carer while preventing unwanted forces being applied directly to the patient.

Knee flex

Fully retract the legrest for a true 90° knee flex position for procedures.

Effortless cornering

Perfectly centered steer wheel for ease of movement.

Lock in the steer system to ensure the chair tracks straight along hallways and then navigates the tightest turning circles possible.

Colour choices

Identify your product with Magenta, Blue (standard supply) or Red highlights.

Add colour to your environment, or use to separate products between departments or models.
