CL1025GH-S

Full Electric Walkie Stacker

- 1000kg Capacity; Max Lifting Height - 2500mm
- Walk-behind operate no license required
- Safe, reliable, sustainable and low maintenance

CE

Full Electric Walkie Stacker - straddle leg (1T/2500mm)

JIALIFT electric stacker CL10GH-S series offers an attractive appearance, convenient operation, and features. It offers a number of **advantages**:

- Walk behind operate no licence required
- Straddle leg design ideal for lifting enclosed pallet
- Can be used for both open pallet and for Australia standard closed pallet (CHEP)
- Control panel: Red Stop Bottom, Key Switch and Battery Indicator on the Right . In-built charger in the middle
- The in-built charger is single phase (wall plug) can be easily charged
- The side-driven design effectively reduces the size of the operation channel.
- With a small turning radius, this stacker is suitable for narrow spaces.
- Intelligent control and drive technology, flexible and safe operating
- Adjustable fork width Easy service and maintenance
- The steering wheel seat in the middle.
- Adjustable driving speed switch.
- The turtle speed switch on the handle makes low-speed control more precise.
- Germany imported waterproof micro-switches are applied in the cold, damp, dusty and other harsh environments.
- YONGCI motor drive system is with small size, light weight, low loss and high efficiency.

Standard Equipment:

Also Included in our Offer: Battery and Charger
