

# MEDICAL CARTS

By  CAPSA HEALTHCARE

Elevating performance,

# every day.

The best quality healthcare depends on easy access to the right instruments and supplies. Capsa Healthcare puts everything clinicians need at their fingertips with a complete line of fully configurable medical carts designed to promote orderly storage and organization where it matters most.

# Emergency carts

**The Avalo Series Emergency Cart** defines a new standard of organization and function with a host of features that provide reliable performance and promote improved workflow in emergency department. The unique breakaway locking handle offers optimal

security and the simple access essential to every emergency response. Stable maneuverability is built-in to every cart and a full line of accessories enhance user efficiency and support code team performance.

Quick-Access lock offers the security you require and ensures quick access to code cart supplies

# Pediatric Crash Cart

**The Avalo Series Pediatric Crash Cart** is designed for use with the proven clinical methodology for treating life-threatening emergencies in pediatric patients. When seconds matter, the color coded drawers enable doctors and clinicians to quickly identify critical supplies when responding to pediatric emergencies.

Contents are secured with a breakaway locking handle, yet a simple and swift motion can quickly break the tamper-evident seal giving access to all drawers and emergency supplies.

Removable drawer trays promote orderly storage and organization of emergency supplies

# Standard Anesthesia

**The Avalo Series Standard Anesthesia Cart** is designed with a synergy of function and technology to meet the unique needs of your anesthesia department. The Avalo Anesthesia cart is available in a selection of height options, drawer depths and storage configurations to facilitate workflow.

Flexible divider systems, removable drawer trays, and an array of organization accessories promote orderly storage and organization. A choice of (3) three innovative locking systems ensure that anesthesia medications and supplies are kept secure.

Drawer Dividers

Removable Drawer Trays

Drawer Flex Dividers

## Procedure Carts

**The Avalo Series Procedure Cart** offers a wide selection of organization accessories, large capacity, and a choice of models in 4-drawer, 5-drawer, or custom configurations. The Avalo Procedure Cart is adaptable to many different healthcare applications including trauma, airway, dressing, cast, or general supply cart. Ensure security with a choice of three (3) proven lock systems including an advanced keyless entry with auto-relock.

Seamless Drawer Trays are durable and prevent issues associated with pop rivets or sharp edges found in metal drawers

# | Isolation Carts

**The Avalo Series Isolation Cart** provides innovative features that promote long-term, reliable function and value. Large-volume seamless drawer trays are supported by a unique guide system that ensures consistent performance year after year. Drawers open fully allowing easy access to contents in the rear of the drawer, and stay closed when the cart is in motion.

Spread Caster Position provides stability control by moving the wheels out toward the corners of the cart frame

# Security Features

## Lock System Options

### Lock System Choices

#### AutoLock™

Automatically secures a motionless unlocked medical cart with a user-defined relock time delay from 1-99 minutes. AutoLock permits up to 5,000 individual user codes to further enhance cart access tracking and security. SLA battery operated.

AutoLock security upgrades available.

#### Keyless Access with Manual Relocking

Simply enter a 4-digit access code, push down the lock lever and the cart is ready for access. To secure the medical cart, simply push in the lock lever. Clear visual indication of lock status is apparent from a distance.

#### Key Access with Manual Relocking

Featuring the Best® Core Removable Lock System, this basic yet proven lock system provides your medical cart advanced security and the flexibility to change keys simply and easily.

### Renforcement des dispositifs de sécurité AutoLock<sup>MC</sup>

#### Proximity Access

An advanced proximity card reader can be selected as an additional security access requirement

#### Standard Host Software

Using Standard Host Software authorized users can add, change or delete an access code for specific users
