Clean ahead

Sweepmaster B500
Sweeping machine

Simply powerful for all hard floors and carpets

Sweepmaster B500

Sweeping machine for all hard floors and carpets. Coverage of up to 2,400 m²/h. Effective dust absorption through a powerful vacuum blower with a large filter. Highly-effective, filter-cleaning system.

1) Dirt hopper and filter system

The big and fully usable corrosion-free dirt hopper has a capacity of 40 litres and is the largest of its class. Thanks to the large dirt hopper and the efficiency filter system, the Sweepmaster B500 manages even the most

demanding sweeping tasks easily.

2) Engine block

The engine block is clearly structured and easily accessible.

3) Onboard charger

The machine has an on-board charger for uncomplicated charging at every wall socket. The maintenance-free battery system ensures long running times.

4) Distinct information

The clearly arranged control panel explains each function and every value of the machine by using easy-to-understand symbols.

Technical specifications Sweepmaster		B500
