

# RD16-32 Cordless

## BATTERY POWERED STRAIGHTENER

- Rebars and rods
- Long battery life
- Ideal for building and industrial works
- Small dimensions allow to reach confined places
- Head rotation 90° CW / 90° CCW

MADE IN ITALY

The Metal Bar Straightener **RD16-32** is a **battery-powered** tool produced by Edilgrappa, that is ideal for straightening rebars and rods.

Its small size makes the RD16-32 Cordless a very useful Metal Bar Straightener when working in small and complicated spaces, where portable tools are needed.

Steel Bar Straightener Battery-Powered RD16-32: made by Edilgrappa in Italy for building and industrial works.

Thanks to the use of DeWalt batteries this Steel Bar Straightener has a high autonomy.

Straightening capacity	Ø 16 ÷ 32 mm – 5/8" ÷ 1 1/4" (Rm: 70 daN/mm <sup>2</sup> )
Hydraulic force	107 kN (11 t)
Working pressure	38 Mpa (380 bar)
Motor	18V / 20V
Weight (w/o battery)	15 kg – 33.1 lbs
Dimensions LxWxH	574 x 259 x 342 mm
Head rotation	90° CW / 90° CCW
